## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors,  
Rainforest Alliance, Inc. and Subsidiaries:

We have audited the accompanying consolidated financial statements of Rainforest Alliance, Inc. and Subsidiaries, (the "Organization"), which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the consolidated financial statements referenced above, present fairly, in all material respects, the financial position of Rainforest Alliance, Inc. and Subsidiaries as of December 31, 2020, and the changes in their net assets and their cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

**Report on Summarized Comparative Consolidated Information**

We have previously audited the Organization's December 31, 2019 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated May 13, 2020. In our opinion, the summarized comparative consolidated information presented herein as of and for the year ended December 31, 2019 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

**1. ORGANIZATION AND NATURE OF ACTIVITIES**

Rainforest Alliance, Inc. ("RA") is an international non-profit organization, organized in 1987 in the State of New York with branches and affiliates in various countries. Its mission is to conserve biodiversity and ensure sustainable livelihoods by transforming land-use practices, business practices and consumer behavior. All the activities of its branches and affiliates are included in these consolidated financial statements. RA conducts the majority of its activities throughout North America, Central America, South America, Africa, Europe and Southeast Asia.

Significant sources of revenues are received from contributions, royalties and other contract revenues.

Effective January 1, 2018, RA merged with Stichting UTZ (now known as Stichting Rainforest Alliance), a Dutch Foundation that has the exempt status of a public benefit organization pursuant to Dutch law. Also effective January 1, 2018, Rainforest Alliance Holding, Inc., organized in the State of Delaware, was established for the purpose of serving as the controlling parent entity of both RA and Stichting Rainforest Alliance. RA's consolidated financial statements are included in Rainforest Alliance Holding, Inc.'s consolidated financial statements.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Consolidation**

The consolidated financial statements include all of the assets, liabilities, net assets, revenues and expenses of all branches and affiliates of Rainforest Alliance, Inc. (collectively the "Organization"). The consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. All significant intercompany accounts and transactions have been eliminated in consolidation.

**Basis of Presentation**

Financial reporting by not-for-profit organizations requires that resources be classified for accounting and reporting purposes into net asset categories according to externally (donor) imposed restrictions.

The net assets of RA are reported as follows:

**Without Donor Restrictions:** Net assets without donor restrictions are net assets that are not restricted by donor-imposed stipulations and are available for the general operations of RA.

**With Donor Restrictions:** Net assets with donor restrictions include gifts of cash and other assets received with donor stipulations that limit the use of the donated assets or that cannot be satisfied by either the actions of RA or through the passage of time. These net assets include donor restricted endowments, and unconditional contributions with time or contributions with programmatic restrictions.

**Operating Measure**

RA presented an intermediate measure of operations. RA includes in its definition of operations all revenues and expenses that are an integral part of its programs and supporting activities. This measure of operations provides a presentation that depicts the manner in which RA manages its financial activities. Activities presented outside the operating measure include items that are unusual or infrequent. RA classifies contributions from affiliates as nonoperating activity due to the nature of these contributions.

**Prior Year Summarized Comparative Consolidated Information**

Consolidated information as of and for the year ended December 31, 2019 is presented for comparative purposes only. Certain activity by net asset classification in the consolidated statement of activities and changes in net assets and consolidated statement of functional expenses is not included in this report. Accordingly, such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with RA's consolidated financial statements as of and for the year ended December 31, 2019, from which the summarized comparative consolidated information was derived.

**Estimates**

The presentation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates included in these consolidated financial statements consist of the potential foreign payroll tax liability (Note 12) and the contract assets related to royalty revenues (Note 3). There is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

**Tax Status**

RA is exempt from federal income tax under Section 501(c)(3) of the United States Internal Revenue Code and no provision for such income tax has been reflected in the accompanying consolidated financial statements. RA has evaluated uncertain tax positions with respect to its U.S. operations and concluded there are no such positions at December 31, 2020 and 2019. RA has operations in other countries and is subject to the laws and regulations of those countries. During the year ended December 31, 2020, RA received approximately \$51,000 in refunded foreign income taxes. During the year ended December 31, 2019, RA paid approximately \$36,000, respectively, in foreign income taxes in addition to VAT taxes to foreign jurisdictions. RA did not recognize any tax related interest or penalties during the periods presented in these consolidated financial statements.

**Contribution Revenue**

RA recognizes contributions, including unconditional promises to give, as revenue in the period received or pledged. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return or release, are not recognized in revenue until the conditions on which they depend have been substantially met. Revenue from government and private grant and contract agreements, which are generally considered non-exchange transactions, is recognized when qualifying expenditures are incurred and conditions under the agreements are met. Payments received in advance of conditions being met are recorded as refundable grants payable on the consolidated statements of financial position. Included in refundable grants payable at December 31, 2020 and 2019 are \$3,948,495 and \$1,174,766, respectively, of grant and contract receipts. Future funding from government and private grant and contract agreements is dependent on fiscal funding clauses and available appropriations from granting agencies and organizations.

Contributions, net assets and changes therein are classified and reported based on the existence or absence of donor-imposed restrictions. When a donor restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities and changes in net assets as net assets released from restrictions.

---

RA recognizes donated goods and services provided which had an ascertainable value and were an integral part of RA's program services at the fair market value of the services or goods received. RA received donated services in the form of legal, advertising and professional fees. Additionally, RA received donated goods for their gala and other purposes. These donated goods and services are included in in-kind contributions on the consolidated statement of activities and changes in net assets and as in-kind services and supplies on the consolidated statement of functional expenses.

**Special Events**

Special event revenues are presented net of the direct costs of the event.

**Revenue from Contracts with Customers**

*Royalty Revenues*

RA has determined that royalty revenues shall be accounted for as revenue from contracts with customers in accordance with ASC 606. RA enters into contracts with customers whereby RA licenses its Rainforest Alliance Certified Seal (the "Seal") to customers by granting them the non-exclusive non-transferable right to reproduce the Seal on their own product packaging and off-product promotional materials for products which RA has issued a transaction certificate. Certified products carry RA's green frog logo. The green frog certification seal indicates that a farm, forest, or tourism enterprise has been audited to meet standards that require environmental, social, and economic sustainability.

In order to become certified, farms must meet criteria of the Rainforest Alliance Sustainable Agriculture Standard ("The Standard"). The Standard encompasses all three pillars of sustainability—social, economic, and environmental. Rainforest Alliance Certified farms are audited regularly to verify that farmers are complying with the Standard's comprehensive requirements, which require continual improvement on the journey to sustainable agriculture. The Standard is built on these important principles of sustainable farming:

- Biodiversity conservation
- Improved livelihoods and human well-being
- Natural resource conservation
- Effective planning and farm management systems

RA provides that purchasers of certified farm product are eligible to become an authorized licensee of the Seal with respect to the certified farm product. Royalties are assessed based on the volume (weight) of the certified farm product purchased for which RA has issued a transaction certificate at the applicable rate for the product as set forth in the contract, which varies based on the products that RA certifies. The products fall into the following main buckets: Coffee, Tea, Cocoa, Bananas, Coconut Oil and Juice. Generally, invoices are issued quarterly and payments are due within 45 days of invoice. Contract assets include royalties that are calculated and earned but not yet invoiced to the customer.

RA accounts for royalty revenue as a sales and/or usage based royalty arrangement. Revenue is therefore, recognized at the later of the performance obligation to which some or all of the sales-based or usage-based royalty has been allocated or satisfied at the point in time when the subsequent sale or usage occurs. RA therefore, recognizes revenue when the purchase of certified product occurs which is the time at which the royalty accrues per the contract and also represents the fulfillment of the performance obligations which involve RA certifying farms and tracking the certified farm product through the supply chain utilizing RA's Marketplace System.

#### *Other Contract Revenue*

RA performs various engagements for clients whereby they perform specialized technical projects, such as sustainable supply chain consulting, process auditing, training, research and other advisory related services and has classified revenues into advisory contracts and risk assessment engagements. These services are performed for companies all over the world and each contract is evaluated individually for revenue recognition in accordance with ASC 606. Revenue from risk assessment engagements is recognized at a point in time. Revenue from advisory engagements is recognized over time as the contracts are either cost-reimbursable grant contracts that RA is paid based on allowable expenditures incurred and the benefit derived by the customer is through the time spent by RA employees and the materials they purchase to carry out the project or based upon work that is consumed over time by the customer. Contract liabilities include billings in excess of revenue recognized.

#### **Royalty Receivables and Credit Policies**

Receivables represent unsecured, non-interest bearing obligations due from customers. In the normal course of business, RA grants credit directly to certain customers after a credit analysis based on financial and other criteria and generally requires no collateral. RA reviews the receivables and has established an allowance for doubtful accounts. The allowance for doubtful accounts was \$300,000 for each of the years ended December 31, 2020 and 2019.

#### **Grants and Contributions Receivable**

Grants and contributions receivable consist of government grant receivables and unconditional contribution receivables. The Organization monitors the collectability of these receivables and has determined that no allowance for uncollectible accounts was necessary at December 31, 2020 and 2019.

#### **Sub-Grants**

RA recognizes grants made, classified as Sub-grants on the consolidated statement of functional expenses, including unconditional promises, as expenses in the period made. Conditional promises, that is, those with a measurable performance or other barrier, and a right of return/release, are not recognized in expense until the conditions on which they depend have been substantially met.

#### **Cash and Cash Equivalents**

RA considers all highly liquid financial instruments with a maturity of three months or less at the time of purchase to be cash equivalents.

#### **Investments**

Investments in equity securities are stated at fair value. Investments in debt securities are stated at amortized cost. Gains and losses, both realized and unrealized, resulting from changes in the fair value of investments are reflected in the consolidated statement of activities and changes in net assets as increases or decreases in net assets without restrictions unless the use is restricted by explicit donor stipulations or by law.

#### **Fair Value Measurements**

RA has reviewed investments within the framework for measuring fair value which establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

**Rainforest Alliance, Inc. and Subsidiaries**  
**Notes to Consolidated Financial Statements**  
**December 31, 2020 and 2019**

---

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

*Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities RA has the ability to access.

*Level 2* - inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

*Level 3* - inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (The unobservable inputs should be developed based on the best information available in the circumstances and may include RA's own data).

**Internally Developed Software**

RA capitalized certain costs incurred in connection with the development of its software platforms after the preliminary project stage and until such time that the software is ready for its intended use. Amounts related to upgrades and enhancements are capitalized to the extent they will result in added functionality. Capitalized costs are amortized over a three-to four year period commencing on the date that the specific module or platform is placed in service. Costs incurred during the preliminary stages of development and ongoing maintenance costs are expensed as incurred.

**Property and Equipment**

Property and equipment is recorded at cost, except for donated items which are recorded at fair value on the date of donation. When donors stipulate how long the assets must be used, the contributions are recorded as with donor restrictions. In the absence of such stipulations, contributions of property and equipment are recorded as without donor restrictions support. When an asset is sold or retired, the cost and accumulated depreciation are removed from the respective accounts. Maintenance, repairs and minor renewals are charged to operations as incurred.

Depreciation is provided using the straight-line method over the estimated useful lives of the property and equipment as follows:

<u>Description</u>	<u>Estimated Life (Years)</u>
Furniture and equipment	5-10
Leasehold improvements	Shorter of term of lease or life of asset

**Valuation of Long-Lived Assets**

RA reviews long-lived assets, including property and equipment, for impairment whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable. RA has determined that no assessment was required for the period presented in these consolidated financial statements.

**Security Deposits**

Security deposits represent funds paid to landlords which are held until a lease expires or is terminated. RA does not classify these assets as restricted cash for purposes of the consolidated statements of cash flows.

**Allocation of Expenses**

The costs of providing program and other activities have been summarized on a functional basis in the consolidated statement of activities and changes in net assets and in detail on the consolidated statement of functional expenses. Expenses, other than indirect expenses, are directly charged to the program that derives the direct benefit. Indirect expenses are allocated to the various program and supporting services based on the ratio of direct expense for any one function to total direct expenses of all functional areas or programs. Such allocations are determined by management on an equitable basis. The expenses that are allocated include the following:

<u>Expense</u>	<u>Method of Allocation</u>
Salaries and benefits	Time and effort
Office costs	Time and effort, headcount, direct expenses
Occupancy	Headcount
Travel	Time and effort, direct expenses
Workshops	Time and effort, direct expenses
Depreciation	Direct expenses

**Programs**

The following is a summary of RA's primary programs:

*Landscapes and Communities* – advances long-term, landscape-level initiatives to support sustainable, community-based development in communities vulnerable to ecological and social destruction including farming certification projects encouraging farmers to use best practices in environmental protection, social equality, and economic viability and forest communities to harvest and manufacture forest products in a sustainable way. This also includes evaluating and communicating program impacts and developing and implementing effective, scientifically-based strategies, programs and projects through monitoring, evaluation, and results-based management that follows industry best practice.

*Markets Transformation* - helps organizations across the forestry, agriculture and tourism value chains to successfully integrate sustainability into their business practices from sustainable production to sustainable consumption.

*Communications* – responsible for outreach and education of the public on certification standards, sustainable practices and RA's work around the world and producing and publishing studies focused on forestry, agriculture and certification.

**Translation of Foreign Currencies**

The foreign operations of RA occur in functional currencies other than the U.S. dollar. The revenues and expenses occurring in foreign currencies are translated into U.S. dollars using an average monthly rate of exchange. Assets and liabilities are translated using the rate of exchange at the consolidated statements of financial position date. The related translation loss adjustments of approximately (\$42,000) and (\$11,000) for the years ending December 31, 2020 and 2019, respectively are included in other income (loss) in the consolidated statement of activities and changes in net assets and the consolidated statements of cash flows.

**Reclassifications**

Certain accounts relating to the prior year have been reclassified to conform to the current year's presentation. These reclassifications have no effect on the change in net assets previously reported.

**Effect of Accounting Pronouncements Adopted in the Current Year**

*Fair Value Measurement*

Effective January 1, 2020, RA adopted Financial Accounting Standards Board (“FASB”) Accounting Standards Update (“ASU”) 2018-13, Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement (Topic 820). This ASU amended ASC Topic 820, *Fair Value Measurement*, by removing and modifying certain disclosure requirements related to fair value measurements, including Level 3 fair value measurement disclosures. The adoption of this ASU had no significant impact on RA’s financial statements.

**New Accounting Pronouncements Issued Not Yet Effective**

*Leases*

In February 2016, the FASB issued ASU No. 2016-02, *Leases* (Topic 842) (“ASU 2016-02”), which requires lessees to recognize on the statement of financial position the assets and liabilities for the rights and obligations created by leases with lease terms of more than 12 months. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will continue to primarily depend on its classification as a finance or operating lease. However, unlike current U.S. GAAP, which requires only capital leases to be recognized on the statement of financial position, ASU 2016-02 will require both types of leases to be recognized on the statement of financial position. ASU 2016-02 also requires disclosures about the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements, providing additional information about the amounts recorded in the financial statements. ASU 2016-02 is effective beginning January 1, 2022, with early application permitted.

*Gifts In-Kind*

In September 2020, the FASB issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets* (Topic 958), which is effective for fiscal years beginning after June 15, 2021, with early adoption permitted, and is intended to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts in-kind, for not-for-profit organizations. The ASU requires a not-for-profit organization to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash or other financial assets, along with expanded disclosure requirements. Management does not expect this ASU to have a significant impact on RA’s consolidated financial statements.

**3. REVENUE FROM CONTRACTS WITH CUSTOMERS**

**Royalty Revenues**

RA’s royalty revenue is generated from companies around the world, specifically in regions where the certified products are grown. RA’s contracts and royalties are based on purchase of Certified Farm Product and are affected by the demand for the products being purchased.

**Rainforest Alliance, Inc. and Subsidiaries**  
**Notes to Consolidated Financial Statements**  
**December 31, 2020 and 2019**

Revenue from royalties is recognized over time and was related to the following crops for the years ending December 31, 2020 and 2019 as follows:

	<u>2020</u>	<u>2019</u>
Cocoa	\$ 2,828,505	\$ 2,744,464
Coffee	11,087,717	10,631,767
Tea	2,423,932	2,854,298
Coconut oil	127,960	91,644
Juice	854,683	220,183
Bananas	<u>2,155,923</u>	<u>1,775,787</u>
	<u>\$ 19,478,720</u>	<u>\$ 18,318,143</u>

**Other Contract Revenues**

RA's other contract revenues represent contracts whereby the customer receives direct commensurate value and comprise risk assessment engagements and advisory engagements.

The following represents revenue for these categories at December 31:

	<u>2020</u>	<u>2019</u>
Advisory engagements	\$ 1,491,955	\$ 1,964,090
Risk assessment engagements	<u>140,939</u>	<u>115,463</u>
	<u>\$ 1,632,894</u>	<u>\$ 2,079,553</u>

**Contract Balances**

Royalty and other contract receivables and contract balances from contracts with customers for the years ended December 31, 2020 and 2019, were as follows:

	<u>2020</u>			<u>2019</u>		
	<u>Royalty and Other Contract Receivables</u>	<u>Contract Assets</u>	<u>Contract Liabilities</u>	<u>Royalty and Other Contract Receivables</u>	<u>Contract Assets</u>	<u>Contract Liabilities</u>

**4. FINANCIAL ASSETS AND LIQUIDITY RESOURCES**

As of December 31, 2020 and 2019, financial assets and liquidity resources available within one year for general expenditure, such as operating expenses and fulfillment of liabilities, were as follows:

	<u>2020</u>	<u>2019</u>
Financial assets		
Cash and cash equivalents	\$ 10,917,629	\$ 9,016,577
Grants and contributions receivable	3,694,541	4,984,363
Royalty and other contract receivables, net	5,186,540	1,691,328
Contract assets	2,082,992	6,115,422
Investments	<u>31,234,026</u>	<u>10,929,898</u>
Total financial assets	<u>53,115,728</u>	<u>32,737,588</u>
Less: Amounts not available for general expenditure within one year		
Net assets with donor restrictions	(3,923,838)	(5,720,828)

Liquidity resources		
Available line of credit	<u>-</u>	<u>1,800,000</u>
Total financial assets and liquidity resources	<u>\$ 49,191,890</u>	<u>\$ 28,766,760</u>

RA manages its financial assets to be available as its operating expenditures, liabilities and other obligations come due. RA's cash flows have fluctuations during the year attributable to the timing of operations and repayment from funding sources which varies on a funding source basis. Additionally, included within net assets with donor restrictions are funds that are tied to specific projects that can be expended in the subsequent year when the donor purpose is met (see Note 15). For the year ended December 31, 2019, RA had a committed line of credit in the amount of \$1.8 million, which was available to be drawn upon. During the year ended December 31, 2020, RA closed their line of credit.

**5. GRANTS AND CONTRIBUTIONS RECEIVABLE**

RA had outstanding grants and contributions receivable due to be collected as follows at December 31:

	<u>2020</u>	<u>2019</u>
Grants and contributions expected to be collected		
In one year or less	\$ 3,694,541	\$ 4,966,792
Between one and five years	<u>-</u>	<u>52,501</u>

**7. PROPERTY AND EQUIPMENT**

Property and equipment consists of the following as of December 31:

	<u>2020</u>	<u>2019</u>
Furniture and equipment	\$ 930,007	662,855
Leasehold improvements	<u>1,188,481</u>	<u>1,073,136</u>

Less: Accumulated depreciation	<u>1,295,229</u>	<u>1,094,639</u>
	<u>\$ 823,259</u>	<u>\$ 641,352</u>

Depreciation expense amounted to \$206,052 and \$122,329 for the years ended December 31, 2020 and 2019, respectively, and is included in depreciation and amortization expense in the consolidated statement of functional expenses.

**8. SOFTWARE**

Capitalized software consists of the following as of December 31:

	<u>2020</u>	<u>2019</u>
Software	\$ 1,105,763	\$ -
Less: Accumulated amortization	<u>58,537</u>	<u>-</u>
	<u>\$ 1,047,226</u>	<u>\$ -</u>

RA amortizes its capitalized software on a straight-line basis over a 3-4 year period. Amortization expense amounted to \$58,537 for the year ended December 31, 2020.

**9. INTANGIBLE ASSETS**

Effective July 2017, RA and the Sustainable Agriculture Network ("SAN") entered into an agreement whereby SAN would transfer the RA-SAN certification scheme to RA, along with related intellectual property licenses, in exchange for total payments of \$2,000,000 over the term of the agreement which is 2.5 years. RA amortized the intangible asset over the term of the agreement. Amortization expense amounted to \$800,000 for the year ending December 31, 2019. The intangible assets were fully amortized as of December 31, 2020.

**10. IN-KIND CONTRIBUTIONS**

In-kind contributions consist of the following for the years ending December 31:

	<u>2020</u>	<u>2019</u>
Legal services	\$ 521,599	\$ 750,225
Advertising	429,603	310,889

Gala event services	-	59,020
Property and equipment	<u>11,875</u>	<u>-</u>
	<u>\$ 963,077</u>	<u>\$ 1,130,601</u>

**11. RETIREMENT PLANS AND FOREIGN SEVERANCE PAYABLE**

RA has a qualified tax-deferred annuity plan under Section 403(b) of the Internal Revenue Code for eligible employees in the United States. RA offers all eligible employees working more than 20 hours per week a matching contributory retirement plan. Employees can begin making contributions immediately upon hire and are eligible for a discretionary employer matching contribution of up to 5% of salary after one year of employment. The Organization made matching contributions totaling approximately \$400,000 and \$375,000 for the years ended December 31, 2020 and 2019, respectively.

RA has recorded an obligation for foreign severance payable in accordance with the laws in the locations for employees working in certain foreign jurisdictions of approximately \$2,680,000 and \$2,340,000 at December 31, 2020 and 2019, respectively, which is included in foreign severance payable in the consolidated statements of financial position. The foreign severance reserve is an estimate that is based on the laws of each foreign jurisdiction but generally is computed based on the years of employment for each employee as well as other factors and varies based on the individual laws within the foreign country. The obligation is required to be funded when an employee's employment with RA terminates.

**12. CONCENTRATION OF CREDIT RISK AND FOREIGN CURRENCY RISK**

Financial instruments, which potentially subject RA to concentrations of credit risk, consist of cash and cash equivalents, investments in foreign banks, investments, receivables and foreign currency risk. As of December 31, 2020 and 2019, RA had approximately \$1,957,000 and \$1,605,000, respectively, in foreign banks which is not insured by the FDIC or any Federal or state agency. Management monitors the soundness of these institutions and has not experienced any losses. Investments are placed in high credit quality financial instruments. Although subject to market fluctuation, this investment policy limits RA's exposure to concentrations of credit risk.

RA has a long standing history of collecting its receivables which are from corporations, foundations and governmental agencies throughout the world. This limits RA's exposure to credit risk. There were grants and contributions receivable outstanding from three and two donors that comprise 33% and 38% of the outstanding balance at December 31, 2020 and 2019, respectively.

RA received revenues from foreign governments and other organizations of approximately \$4,050,000 and \$5,012,000 which is included in government grants and contracts at December 31, 2020 and 2019, respectively.

**Rainforest Alliance, Inc. and Subsidiaries**  
**Notes to Consolidated Financial Statements**  
**December 31, 2020 and 2019**

---

Foreign currency risk is the risk to RA that arises from fluctuations in foreign currency exchange rates, and the degree of volatility of these rates. Consequently, some assets, liabilities and expenses are exposed to foreign exchange fluctuations. The Organization does not hold derivative financial instruments to manage the fluctuation of exchange rate risk. The assets and liabilities held in other foreign currencies include cash, severance and payroll liabilities.

**13. LINE OF CREDIT**

The Organization had a line of credit due on demand with no stated maturity date from a financial institution for a maximum borrowing of \$1,800,000. Interest was computed at LIBOR plus 2.750%, which was 4.513% at December 31, 2019. The borrowings were secured by the Organization's investments. The Organization had no drawdowns and no outstanding balance for the years ended December 31, 2019. During the year ended December 31, 2020, RA closed their line of credit.

**14. PAYCHECK PROTECTION PROGRAM LOAN PAYABLE**

On May 1, 2020, RA issued an unsecured promissory note (the "PPP loan") for \$1,782,710 through the Paycheck Protection Program ("PPP") established under the CARES Act, and administered by the U.S. Small Business Administration ("SBA"). The PPP loan is guaranteed by the SBA. The PPP loan may be forgiven, in whole or in part, if RA was eligible for the PPP loan at the time of application, used the loan proceeds for eligible expenses within the defined 24-week period after the PPP loan was disbursed ("covered period"), and otherwise satisfied PPP requirements. The PPP loan was made through Chain Bridge Bank, N.A., has a two-year term, bears interest at 1.00% per annum, and matures on April 30, 2022. If the PPP loan is not forgiven, monthly principal and interest payments are deferred until ten months after the end of the covered period, or August 16, 2021. The PPP loan may be prepaid at any time prior to maturity with no prepayment penalties. Accordingly, the Organization has reflected the PPP loan as short and long-term debt in the accompanying statement of financial position. RA will record the forgiveness of the loan as a gain on extinguishment in the period in which legal release is received. There is no certainty that any or all of the PPP Loan will be forgiven.

Future maturities of the PPP loan, assuming it is not forgiven, are as follows:

2021	\$ 368,150
2022	889,841
2023	<u>524,719</u>
Total	<u>\$ 1,782,710</u>

**15. COMMITMENTS AND CONTINGENCIES**

**Operating Leases**

RA leases office space in New York and in various other locations in the United States and in several foreign localities under leases that expire through June 2027. These leases provide for minimum annual rentals, real estate taxes and other costs. Rent expense for the leases totaled approximately \$2,234,000 and \$2,077,000 for the years ending December 31, 2020 and 2019, respectively, which is included in office costs in the consolidated statement of functional expenses. Annual rent expenses paid under the leases include the basic rent plus charges for common area management costs and real estate tax escalation charges. Some of the leases are subject to rent escalation clauses. Rental expense incurred in advance of rent paid is included in deferred rent liability on the consolidated statements of financial position.

**Rainforest Alliance, Inc. and Subsidiaries**  
**Notes to Consolidated Financial Statements**  
**December 31, 2020 and 2019**

During 2019, RA sub-leased their New York office space in a sublease agreement that expires May 2024. Additionally, during 2019 RA entered into a lease agreement that expires in September 2026 for lower-cost office space from another non-governmental organization in New York. The commitment of rent under non-cancellable lease agreements for the next five years and in the aggregate thereafter, net of sublease income is as follows:

<u>Year Ending December 31,</u>	<u>Rental Commitments</u>	<u>Sublease Income</u>	<u>Rental Commitments, Net</u>
2021	\$ 2,165,238	\$ 1,250,084	\$ 915,154
2022	2,144,091	1,287,587	856,504
2023	1,438,948	1,326,215	112,733
2024	829,305	515,253	314,052
2025	773,753	-	773,753
2026 and thereafter	610,499	-	610,499
	<u>\$ 7,961,834</u>	<u>\$ 4,379,139</u>	<u>\$ 3,582,695</u>

**Government Grants and Contracts**

RA receives funding from various federal and foreign agencies under grants and contracts, many of which have commitments spanning multiple years. RA has available funding under federal agency contracts through July 2025 of approximately \$23,138,000. RA's costs incurred under its government grants and contracts are subject to audit by government agencies. Management believes that disallowance of costs, if any, would not be material to the consolidated financial position or changes in net assets of RA.

**Foreign Payroll Tax**

RA has recorded an obligation for estimated potential foreign payroll tax liabilities in accordance with the laws in the locations for employees working in certain foreign jurisdictions of approximately \$174,000 and \$349,000 at December 31, 2020 and 2019, respectively, which is included in accounts payable and accrued expenses in the consolidated statements of financial position.

**General Litigation**

The Organization is subject to legal proceedings and claims which arise in the ordinary course of business. Management does not believe that the outcome of any of these matters will have a material adverse effect on the consolidated financial position, operating results or cash flows.

**Risks and Uncertainties**

Management is currently evaluating the impact of the COVID-19 pandemic on the industry and has concluded that while it is reasonably possible that the virus could have a negative effect on the Organization's financial position, and results of its operations, the specific impact is not readily determinable as of the date of these consolidated financial statements. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**17. ENDOWMENT FUNDS**

RA's endowment is comprised of one donor-restricted endowment. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions.

**Interpretation of Relevant Law**

Under the New York Prudent Management of Institutional Funds Act ("NYPMIFA"), a charitable organization can only spend amounts of an endowment funds' above "historic dollar value" that it deems to be prudent. With respect to its existing endowment fund, RA has followed the donor instrument in classifying as with donor restrictions net assets at the original value of the gift donated to the permanent endowment. Investment earnings on the donor-restricted endowment fund are classified as with donor restrictions net assets until those amounts are appropriated for expenditure by RA pursuant to its obligations under the agreement with the donor and applicable law.

RA conducts an annual analysis of the endowment fund with respect to:

- (1) Its historic value
- (2) Donor restrictions on the use of income or appreciation and the effect of the restriction
- (3) Any loss affecting the historic dollar value
- (4) The amount of the fund's appreciation held in non-readily available marketable securities
- (5) The amount of appreciation in the fund attributable to an inflation factor since the inception of the fund

RA has developed an investment policy that will determine return objectives and risk parameters, and strategies employed for achieving objectives. The following table provides information regarding the change in endowment net assets for the year ended December 31:

	<u>2020</u>	<u>2019</u>
Endowment assets at beginning of year	\$ 1,038,135	\$ 1,047,611
Appropriation for expenditure	(30,416)	(41,237)
Investment return		
Investment income	20,517	9,450
Unrealized gain	82,321	22,311
	<u>102,838</u>	<u>31,761</u>
Endowment assets at end of year	<u>\$ 1,110,557</u>	<u>\$ 1,038,135</u>

Endowment net assets at December 31, 2020 and 2019 consisted of the following:

Donor restricted endowment		
Historical gift value	\$ 1,000,000	\$ 1,000,000
Appreciation	110,557	38,135
Endowment assets at end of year	<u>\$ 1,110,557</u>	<u>\$ 1,038,135</u>

RA invests the endowment funds in a separate investment account. The investment account associated with the endowment, which is included in investments in the consolidated statements of financial position, had a fair value of approximately \$1,267,000 and \$1,231,000 as of December 31, 2020 and 2019, respectively. Donor-restricted funds released from restriction in the current year are transferred from the investment account in subsequent years in accordance with RA's spending policy.

**18. SALE OF RA-CERT AND DISCONTINUED OPERATIONS**

During 2018, RA sold its assets in connection with its RA-Cert line of business. This sale represented a strategic shift in RA's operations and as such was recorded as a discontinued operation in the consolidated statement of activities and changes in net assets. RA sold certain assets such as customer lists and other assets which had no basis and transferred certain liabilities amounting to approximately \$380,000 in connection with its RA-Cert line of business. The total sale amount is contingent upon future revenues. RA received a \$750,000 nonrefundable payment upon transfer of assets and liabilities in 2018. In addition, for 5 years after the sale, RA will receive amounts ranging from 4.87% to 7.42% of applicable annual revenue. RA recognized a gain from discontinued operations of approximately \$443,000 and \$573,000 for the years ended December 31, 2020 and 2019, respectively.

**Continuing Involvement**

RA will continue to collect revenues each year of the term based on a percentage of applicable annual revenues. In addition to the collection of the receipts from applicable annual revenue, RA signed a license agreement with the buyer whereby the buyer will have the right to utilize the Rainforest Alliance Certified Seal at no charge.
