

Crops Certified by the Rainforest Alliance

As of November 2022

Contents

Key Commodities	1
Fruits	3
Vegetables	13
Nuts	17
Flowers	18
Herbs & Spices	19

Notes:

If you **only** have crops in the “UEBT/Rainforest Alliance” certification scope, you need to be certified by UEBT. Please contact certification@UEBT.org.

For processed fruits (juices, canned pineapple) we allow MB.

All herbs and spices should be certified under the UEBT/RA, but there are exceptions e.g. if the crop is grown on a farm which is RA certified, they can be RA certified; pepper (black or white or green) and chili: [Herbs & Spices Program: Which Standard Applies to You | Rainforest Alliance](#) (rainforest-alliance.org).

If a crop is collected from the wild, the UEBT/RA program needs to be followed on farm level.

Key Commodities
